Summary

BACKGROUND:

Clarence M. Kelley, FBI Director, wrote the PFIAB chairman on 3 July, copy to the DCI, stating his belief the FBI should continue to submit an annual report of its own to PFIAB. The report would relate primarily to FBI counterintelligence activities within the U.S.

The PFIAB memorandum of 8 May "cancelling the requirement for individual annual reports to the Board, and, on an experimental basis, asking the DCI to submit a single integrated annual report" included the FBI Director as an addressee. The DCI memorandum of 23 May to ~~USIB members~~ all USIB members requested inputs to the annual report by 1 September.

As currently planned, the DCI annual report to the President, copy of which will serve as the report to the PFIAB, will be oriented around the FY 1974 "Objectives for the Intelligence Community" - which made no mention of counterintelligence.

A complete separation of reporting on FBI domestic counter-intelligence activities and the National Foreign Intelligence Program is highly desirable so a separate FBI report would be appropriate. FBI positive intelligence activities relating to the NFIP would just as appropriately be included in the DCI annual report. Wheaton Byers, PFIAB Executive Secretary, concurs and has informally so advised Mr. Kelley's office. The proposed memorandum for DCI signature indicates his approval of the arrangement.

RECOMMENDED

ACTION:

DCI signature of the memorandum ^{attached} ~~opposite~~ with copy to the FBI Director.

Report 6

16 JUL 1974

Admiral George W. Anderson, Jr.
Chairman, President's Foreign
Intelligence Advisory Board
The White House
Washington, D. C.

Dear Admiral Anderson:

Reference is the letter which the Director of the Federal Bureau of Investigation sent you on 3 July, copy to me, proposing that the FBI submit an annual report directly to the PFIAB rather than have FBI activities covered in the report I have been requested to prepare for the Intelligence Community.

I concur in Mr. Kelley's proposal since, as he notes, the FBI report will relate primarily to the Bureau's counterintelligence operations within the United States. It would be helpful, however, if pertinent information on FBI positive intelligence activities which contribute to the National Foreign Intelligence Program were forwarded to my office for inclusion in the overall report on the Intelligence Community.

Sincerely,

/s/ Bill

W. E. Colby
